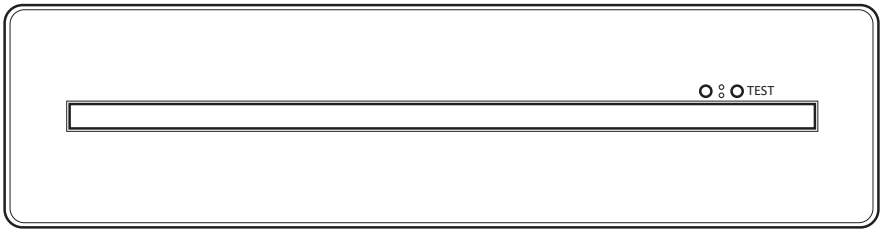
FOX LUX
EMERGENCY LIGHTING

FXEXB-RK RECESSING EXIT BLADE KIT



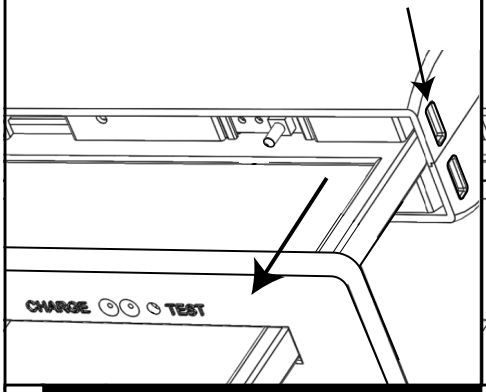
Technical Data

Model Variant	FXEXB-RK
Dimensions	378 x 94 x 16mm

Installation Guide

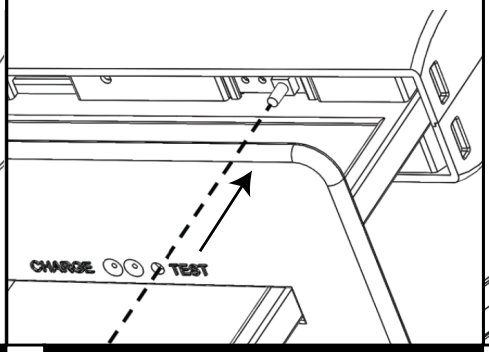
1 Remove Front Bezel from Product

Release the catches on the side and remove the front bezel.



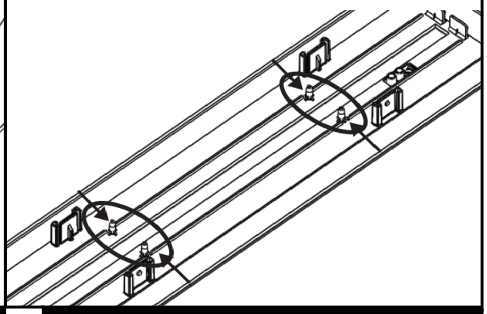
2 Align Test Button

Align the test button hole with the test button on the exit blade. Ensure they are aligned before proceeding to the next step.



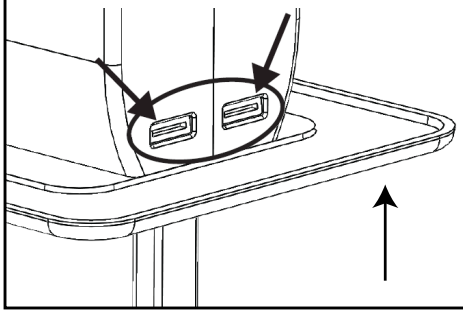
3 Insert Recess Pins

Insert 4 pins on the reces plate till they are flushed with the main housing.



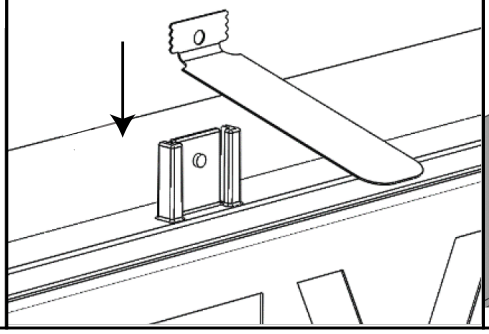
4 Secure Snap Clips

Make sure the 4 snap clips on the recess plate are secured with the main housing.



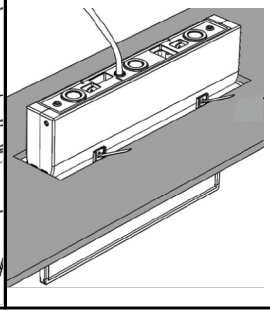
5 Insert Springs

Insert 4 metal springs before installing luminaire.



6 Install Luminaire

Feed the body of the luminaire through the mounting hole. The springs will secure kit in place automatically.



Cut out:
382 x 100 mm
